BITS Pilani,
BVJU'S

Coming from a rural background, doing the graduation from BITS PILANI, and finding a way to leading a team in BYJU'S, this journey wouldn't have been possible without the support and guidance from OIL INDIA SUPER 30. The kind support of from the faculty management, and the peers has been the key to consistent growth.

Sitting in the cubical of my office, I recall the stay at CSRL, where we read the names of leading PSUs which sponsored the projects executed by CSRL. Always wondered how it would feel to work for these organisations. My desire to work has seen the light of day because of the seed of aspiration implanted at CSRL.

Life at Super 30 is a journey of struggle & learning. I had not heard the name of this bank earlier, but the exposure I got during my stay at CSRL Super 30 has helped me to reach this position. I feel in debt towards CSRL.

IIT BHU
WalmartLabs

I'm memorise Super 30 Mumbai as one of the golden days of my life. The support & guidance from the teachers & CSRL added value to my life. It was not just about IIT preparation. It gave me a lot of confidence. I always loved maths and technology, and hence took up Computer Science in IIT BHU. I proudly share about my internship & job at WalmartLabs (an American multinational retail corporation) as a Software Developer. I yet have a long way to walk.

It was the accessibility of education and CSRL help that I'm here living my dreams. I got placed in L&T. I also appeared in GATE 2019 and got AIR 230. Through GATE scores, I got selected in NPCL & then POSOCO. Currently, I am working in POSOCO as Assistant Manager. Me and my two siblings are alums of CSRL, and we are family now.
